President's Report

President Jack Seymour

Well the season is fast coming to an end. It has been a busy year for Perth Bayswater's Committee. With Western Force coming to Perth, the club structure is being adjusted to conform with their requirements. Bruce Rollerson (Senior Committee) and Graham Thompson (Junior Committee) are progressing well with the Voluntary Management Program and are to be commended for their efforts. Thank you to Bob Meade and John Robertson who have guided a very new and relatively inexperienced Committee through the year to become a strong team to guide us into 2006. To all members of the Executive Committee, thanks for the hours you spend for the benefit of the club. As a committee we plan in having, and are working towards having our sponsors and coaches for 2006 in place

before the AGM in November. All coaching positions are vacant and applicants are now being sought for 2006. We are also interested in talking to potential sponsors to join with us in this exciting time for West Australian Rugby. I would like to thank the coaches and managers of all grades for keeping our teams competitive to the end and to thank the players for the commitment shown to their teams and to the club. Some of you played in more than one game on the one day, well done. Good luck to B Grade who have made it to the finals starting on Saturday September 3rd and have a good chance of bringing home the flag. Thank you to the very loyal group from the Wanderers, I have enjoyed our chats and the pleasure of your company on Thursday evenings. I would like to thank Ray Mills for bringing the WA Country Rep side to the club on Saturday August 20th for a game, we had a good afternoon before the Tri Nations game. I would like to congratulate the Junior Club for a great turnout every week. All the junior teams have done our club proud and we wish those teams in the finals every success on their way to a flag. I'm looking forward to a great night at Gloucester Park on October 1st, for our Annual Prizegiving Dinner. A good way to end a great season, see you all there. Thanks once again to all members, both Senior and Junior, for making Perth Bayswater "the Best with Pride"

Jack Seymour

Rugby: Premier Grade

Perth run aground at Cott

Cottesloe, third-placed in the Home Building Society competition, thrashed Perth-Bayswater 49-7 at Harvey Field today. Cott dominated from the kickoff and attacked relentlessly in Perth-Bayswater's 22, but tenacious defence from the Morley visitors held the Seagulls out for 15 minutes. Then a penalty lineout 10 metres out led to a ruck and a cut out pass which put Cott's centre through a soft tackle to score under the bar. Their inside centre converted from in front for a 7-0 lead. On the half hour a Perth knock on gave Cott another ruck and the ball went blind where the Cott number eight scored on a three man overlap, converted from a moderate position. Another try followed a minute later, a big midfield breakout finished by their openside flanker. The kicker slotted another sitter and Cott raced ahead 21-0. Just before half time flyhalf former Perth rent-a-player Ryan Westaway, recently returned from the USA, cut through heavy traffic to score in close for Cott; and their lock scored from a big forward drive in the corner. Both were converted, one from the sideline, for a thumping 35-0 lead to Cott going into the break, in a half of one way traffic.

Cottesloe dropped a gear in the second half and Perth-Bayswater stiffened its defence to hold the Seagulls out early in the second spell. The men in black staged a short period of attack after 10 minutes but errors quickly sent them back on defence. Half way through the spell the Cott wing skipped down the sideline for Cott on the counter attack and ran through half-hearted tackling to score close in. Cott converted to go ahead 42-0. Cottesloe went back on attack and hammered Perth's line but the men in black resisted heroically until with ten minutes to play, their halfback ran in a loop, sold the dummy and scooted in unopposed out wide. He placed the ball behind the posts, the kicker completed the formalities and Cott's score mounted to 49-0. Perth-Bayswater kept battling away, gaining position in Cott's 22 with five minutes to play. Blindside flanker Tony Ansell burst through in close and halfback Toby Hohapata converted from in front for consolation points.

Uni bewitched by black magic

University surrendered the lead in the Home Building Society competition when it fell prey to Perth-Bayswater 16-7 at Morley Park yesterday. The maverick Morley team, seventh in the competition, has felled its share of giants over the years and competed fiercely to sideswipe an off-colour Uni two tries to one in the boilover of the week. Perth-Bayswater has specialised in poor finishes this season, losing three close games in the dying stages, but staged a big second half after leading 3-0 at the break.

The opening quarter was played between the 22s as Perth-Bayswater's combative loose play unsettled the competition leaders. Perth-Bayswater scored first after 18 minutes when halfback Toby Hohapata goaled from 40 metres when Uni was caught offside. Uni increased its share of territory later in the half but the students' penalty reply after 30 minutes was well astray. Perth-Bayswater, with plenty of possession, battled to dent Uni's rush defence and inaccurate field kicking did

Rugby: Premier Grade

not help. It was left to punishing runs from bulky number eight Michael Murphy to disrupt Uni's momentum, and Perth-Bayswater went into the break 3-0 up.

Uni pressed hard from the kick off but Perth wing Andrew Hancy snatched an intercept on the 22 as the students spun the ball wide, sprinting 70 metres to score in the corner. Uni looked far from its best and made uncharacteristic mistakes, knocking on down the right wing after 15 minutes with Perth's defence wide open. Uni continued to dominate territory but the rub of the green was against it, the fullback missing a sitter after 20 minutes following a shoulder charge. Perth-Bayswater went from strength to strength, working downfield and decimating Uni with a massive 20 metre driving maul. Giant prop Daniel Reardon stretched out to plant the ball over the line for the try, gaining a 13-0 lead with 15 minutes remaining. Perth almost scored again minutes later when wing Damian Milich sprinted 40 metres down the sideline,

passing in to flanker Cale McCort who was tackled just short. Instead Hohapata landed a moderate penalty for offside to increase the Morley side's lead to 16-0 with 10 minutes on the clock. Uni gained consolation points with a runaway try to their blindside flanker five minutes from time, catching Perth by surprise when he snatched the ball from a ruck and sprinted 20 metres to score. Uni converted from in front for to trail 16-7. Uni saved its best to last and almost scored with a sparkling passage of running rugby but desperate tackling caught them just short. In a puzzling decision, Uni opted to tap a late penalty rather than attempt a penalty kick that would have brought it within seven points of Perth-Bayswater's score. The bonus point would have kept Uni on top of the table but Nedlands leapfrogged them into first place with a 26-12 win over Palmyra. But the move came to nothing and Perth held out until full time to seal a memorable victory.

Giant killer killed

Perth-Bayswater was unable to repeat its giant-killing of a week earlier and succumbed to Associates' counter-attacking play, losing their Home Building Society round 16 rugby union match 15-48 at Morley Reserve on Saturday July 30.

Associates dominated Perth-Bayswater early and excelled at turning over the home side's ball and gaining an overlap for their

outside backs to exploit. Associates' powerful scrum gave them the advantage early in the game and it provided solid go-forward ball for their backs' attacking runs. Fullback Dylan Davies defended stoutly as usual and could be relied upon to beat two or three tackles whenever he had the ball. Winger Damian Milich made a promising early break, speeding along the touchline before

Morley Liquor Barn

27 Turon St Morley WA 6062

ph: (08) 9279 1788

Rugby: Premier Grade

Associates' cover defence was able to push him out of the field of play. However, attacking chances were rare for the men in black as Associates kept them bottled in their own half. Associates camped on Perth-Bayswater's try line and desperate defence from Perth held out four pick and drive attempts to score until their halfback was able to find a way through under the posts and give his side a 7-0 lead. Perth-Bayswater was able to gain more possession and props Adam Bielawski and Tuakaua Patu made several bustling charges with the ball in hand providing momentum for fly half Geoff Martin but Perth-Bayswater was unable to break through Associates' defences and eventually Associates stole the ball and fed it to their winger who scored a try against the run of play. Perth-Bayswater kept the pressure up but were unable to find ways

through the Associates line and when they eventually won a penalty, they opted to kick for points. Half back Toby Hohapata slotted the kick to leave Perth-Bayswater trailing 12-3. Associates scored a third try to go into half time 17-3 but it was in the second half that they were able to consistently gain a backline overlap and run in five unanswered tries. Two brilliant individual tries by Milich in the last five minutes of the game helped the score line look slightly more respectable for Perth. In the first, he ripped the ball from the Associates centre in a tackle before stepping past four defenders to score in the corner. The second was an almost identical repeat of the first and caused coach Jamie Hohapata to joke that he might have started doing that earlier in the game.

Damp conclusion to season

Solid Nedlands defence prevented Perth-Bayswater from delivering a final win for departing coach Jamie Hohapata as they went down 7-22 in their Home Building Society rugby union match at Morley Reserve on August 13. Hohapata took the wise option of not leading his boys on to the field for the last time as rain started sheeting down minutes before the game.

Perth-Bayswater started strongly with attacking forward play from Mike Murphy and Eugene Maxwell, who caught Nedlands' pack flat-footed with aggressive pick and drive play. Perth's aggression soon paid off as they found weaknesses in Nedlands defence and crossed the line for an early try which was converted by half back Toby Hohapata for a 7-0 lead. Nedlands regrouped to hold firm in defence as Perth-Bayswater continued to attack with captain Ashley Murphy leading the charge and second rower Brian Khaemba dominating the line outs. Fullback Dylan Davies made several strong attacking runs but was unable to break through. Nedlands began to gain more possession and despite solid Perth defence, scored a try in the corner to narrow the gap to 7-5. Perth-Bayswater continued to throw all they could at Nedlands

but were unable to break through, while Nedlands attacking pressure found another gap in Perth's defence to allow them to go to half time with a 15-7 lead.

Wary of the blow-out that occurred in the second half the last time the two teams left, Perth-Bayswater defended staunchly and absorbed a strong Nedlands attack. Perth was again unable to break through to score while Nedlands managed a single try in the half. After the game, coach Hohapata said he had enjoyed coaching the team and looked forward to taking it easy next year and watching the team's fortunes from the sideline.

Rugby: Reserve Grade

by Jason Hill

Reserve Grade has had a tough 2005 season. The team was only able to manage three wins for the season, losing a few close games and some big loses against more experienced and confident teams.

The team struggled to gain any consistency and momentum due to lack of numbers at trainings and at the games. Fortunately the club was able to stick together in the later rounds and support each other with A grade players helping to fill the side, as well as Reserves grade players helping out A grade Lineout Sept 2005 — Page 6

to field their team.

Through all this, Reserve Grade developed a core group of players who were able to bond together to make the nucleus of the team. They have supported and encouraged each other, all under the watchful eye of Henry.

Henry joined the team late but was an appreciated asset, allowing the team to have continuity and support from a highly regarded coach. A big thank you must also be given to Gerry for managing the team.

Rugby: A Grade

Provided the last game against Nedlands is overlooked, Perth-Bayswater third grade finished the season on a high note with a resounding 36-12 victory over Bunbury at Leschenault.

The much-anticipated end-of-season trip to Bunbury attracted possibly the best team fielded by the thirsty thirds all season.

After the bus trip down, the team had the luxury of watching the B grade soften up the Bunbury B grade, many of whom had to play a second game against the thirds, before having the time for a full team run before the game.

The Thompson-dominated forward pack soon took charge of the game and Jarrod Thompson alleges he made many effective hit ups during the first half.

Hector George continued his remarkable send-off free run and flanker Tim Hoey was reliable as usual.

On the other flank, fighting machine Brynley Andrews did his best to stir up the otherwise placid opposition with all manner of threats and outrages but they refused to take the bait.

With the Bunbury forwards battered into submission, it was left to the backs to run in tries at will with the five eighths Andrew Hancy and Tommy Ngawaka making the bulk of the breaks until Ngawaka injured his shoulder scoring a try and bulky Tom Hughes elected to run on at first five.

With ample reserves, the thirds were able to mask their fitness levels with frequent

replacements. Flanker Brent Shaw made a return from injury but along with the rest of the back row, was under a pile of bodies after successfully winning a turn over ball and missed the play of the day.

Boisterous front rower Beau Tume took the ball from the ruck and charged forward before offering it on a silver platter to Bunbury's fastest back to allow them to score a consolation try.

After the game, the team took over the Bunbury clubhouse and was served a feast by the hard-working Bunbury canteen workers before retiring to the accommodation.

The thanks of the whole team goes to team manager Kevin Thompson who, apart from already being an excellent manager, took over organising the trip early in the season. He was the driving force behind fund-raising for the trip, organised transport and accommodation and spent the evening cruising the streets of Bunbury ensuring no one got into any trouble and offering players lifts back to their beds.

Although only moderately successful on the field, the thirds season was characterised by the enjoyment the players showed for playing and socialising together, as seen by the number of players from higher grades who enjoyed the occasional run with the thirds.

The thirds intend to enter a team in the Perth-Bayswater summer touch competition to keep the player base together and possibly raise the already unfeasibly high fitness levels for next season.

Rugby: B Grade

B Grade took maximum points when it defeated **Cottesloe** 55–5 at Harvey Field on Saturday. Scoring nine tries to the Seagulls' one, it was always going to be Perth's day. Although the way they started in the backs suggested differently, with calls for the Barr brothers to be breathalyzed after some uncharacteristic wayward passing. Wayne "Bubs" Salter, Handsome Danny Vella, Japie and Phil "Legend of the Valleys" Oliver scored tries in the first half.

After half time we managed five more tries with Danny scoring two more, Dwain "The Train" Barr adding two and Lionel "Richie" Johnson picking up one. Gorge Tutavaha put in a vintage performance on the side of the scrum in the absence of Chachi who, like Lionel, was late due to not checking the kickoff time. Both really should have been fined a carton each of ace manager Grunter's favorite beer for this misdemeanor.

B Grade had to slog it out for a hard fought win over **Joondalup** 24–14 at Morley on Saturday. The first half was tough against a very large pack of forwards and the loss of Tom "Desert Madman" Lynch, who was sin binned after a very dodgy report by an accredited linesman from Joondalup. Perth managed two tries late in the first half with Handsome Danny Vella scoring a try when he took the ball from our jumper at the lineout, ran around the front and scored in the corner. The other first half try was scored by Graham Marks who nipped over the line from a breakdown, which took us to half time 12–0 up.

We started well in the second half and were rewarded with a penalty try when Andy "Evergreen" Keen was interfered with (although Andy normally likes to be interfered with in other ways) while attempting to dive on a loose ball over Joondalup's line. This was converted and all of a sudden we were 19-0 up with it looking like the flood gates were about to open -- but Joondalup had a secret weapon up their sleeve, a replacement winger who scored two quick tries and all of a sudden it was 19–14 with an upset in the wind. The boys in black didn't panic and lifted their game to meet the challenge. First the forwards secured more ball which was kept in hand and then moved down the field towards Joondalup's line. With a scrum feed on the 22, Perth went blind bringing in fullback Bubs who fed the ball to Fridge a couple of meters from the line for the "Kiwi Kelvinator" to crash over the line to score. This put the game out of reach with only a couple of minutes to go and the team was grateful to Brothers for a hard workout.

B Grade was the only Perth side to post a win at Morley on Saturday when they defeated a gallant **Soaks** side 36–17. In summer-like conditions it was the boys in black who posted first points when Dwain "the Train" Barr shrugged of the defence to open the scoring after a good lead up by the forwards. This was followed up by a try to Richie "Lionel" Johnston who made it a double shortly after when he powered over just before half time to give us a 17-0 buffer. What was even more

2DI CONSULTING

U 1/ 16 Main St
Osborne Park 6017

9443 6344

Rugby: B Grade

pleasing was that Lionel managed to score while we had George "Hitman" Tutavaha in the sin bin.

The second half saw Perth continue to apply pressure and this paid off with tries to Handsome Danny Vella, a second for "The Train" and one to Darren "Copper" Horne who ended up being sent off near the end of the match by Referee Alan Gorman, whose eye sight is now subject to question as the supposed illegal tackle by the Copper was nothing of the kind. Soaks scored a couple of quick tries to put the heat on a tiring Perth side but the pressure should have been relieved when Shane "Public" Barr spun the ball wide to Fridge, who went over for a try only to be called back by referee Gorman for a supposed forward pass. Soaks managed one last try [(due to putting on a lot of young players with fresh legs) before the longest second half in the history of fifth grade finally came to an end.

It was a trip down south this week for the B grade when they travelled to **Bunbury** to take on the Barbarians. In the end B Grade overcame the locals to record a 12-5 win. It was a Shane "Public" Barr show in the first half with the flyhalf scoring all of Perth's twelve points. The first try came as "Public" chased up one of his own kicks which bounced awkwardly for the defence. Public snatched the ball away from them, twisting sideward to stretch over the line to score. This was followed by another try when we took a quick tap and Shane was driven over the line by the forwards to score, which was converted for a 12-0 half time lead.

The second half was a very tight affair with the highlight being the solid defence shown by both teams. Our forward pack that had struggled all day against a very beefy Bunbury side had to dig deep with the likes of Daniel "Curly" Curlew, who was in the forwards this week having a huge game, combined with the return of Chachi and the experience of Andy "Evergreen" Keene, Lionel "Ritchie"

Johnston and "Japie" getting us through. Bunbury managed a try on full time but it was all too late and the boys in black guaranteed themselves a top two finish for the season with one more match remaining.

A badly depleted B Grade defeated **Nedlands** 8-7 with Andy Keene scoring the team's winning try and Rau kicking a penalty. B grade finished second on the ladder and will play Associates Green on the 3rd of September in the major semi final.

The gallant lads from B Grade were denied the easy route into the grand final when Associates kicked a penalty right on full time to snatch a 25 - 24 victory in the **major semi-final**.

The game was very hard fought with both teams going hard at it right from the start and neither side took a backward step. First to score was Soaks but Perth soon got moving forward and it wasn't long before Bert "Two left feet" Bothwell went over for a try after some great attacking forays into Soaks twenty two. This was converted by Shane "Public" Barr and it was 7-5 but Soaks and "Public" Barr exchanged penalties at 10 - 8. Brother Dwain "The Train" Barr crashed though the defence for a converted try and a handy 17- 8 lead but a loose ball that Phil "Legend of the Valleys" Oliver was about to pounce on bounced into the opposition's hands and they scored to trail by only 17 - 15 at half time.

The second half saw an arm wrestle ensue and points became harder to come by as both sides lifted their defence to a new level. In the end it was up to "The Train" to break the deadlock when he side-stepped this way through a pack of defenders to score near the posts with only ten minutes left on the clock for a converted try and a 24-15 lead. The Soaks flyhalf replied with a try and converted to trail by just two points. After the restart we unfortunately provided Associates with a penalty opportunity inside our half for not rolling away, which their fly half popped over to take the match 25-24.

Rugby: Colts

by John Piperis

“So near yet so far” would seem fitting for the end of the Colts’ 2005 season except that wouldn’t take into account how far these boys have come. I am thrilled with the progress the team made over the 18 rounds played this year and the sense of camaraderie and team spirit that has developed. This spirit of fair play and strong skills stands us in good stead for next year. I would be lying if I didn’t admit to feeling disappointed that we didn’t make the finals – however, next year will be a different story! To the boys who are leaving, I would like to thank them for their terrific efforts in making

us serious contenders for the final playoffs. I am sure that we have made a few teams sit up and take notice of the Perth Bayswater Colts. I hope that rugby remains a passion for each of you and that you remember your time as a Perth Bayswater Colt with pride. This has been a great year for me as coach and I have thoroughly enjoyed the role – yes, even the cold training nights. I am now looking forward to next year – new skills, new fitness regimes and even more wins.....bring it on!

Rugby: Golden Oldies

by Bob Whitney

The Perth Wanderers came into being in 1990 when we became aware of the 1991 Perth International Golden Oldies carnival. This carnival brought out a total of 41 golden oldies clubs and in the Perth club, two sides were formed. Bob Whitney’s side comprised mainly Perth people and players from the pre-1970 period and Andy Hines’ side was more current and people involved in the juniors.

At the 1991 carnival, the Wanderers had a total of 44 players and as is the format of the carnival, three 20-minute halves a game, we had basically a new team on each period. We have had full touring parties to Dublin in 1993 and Christchurch in 1995. The carnivals were then broken up by the change to yearly events and this had the effect of reducing the number of players and partners able to go. The Vancouver and Capetown carnivals were combined with the Washington Wasps and had great times.

At the Adelaide carnival, we partnered the side from mid coast NSW and we had the pleasant job of hosting them at Perth the year later. The next carnival was in Lucerne,

France and we combined with the Old Golds for a great time.

The next carnival will be in October 2006 and will be in Wellington. We are already getting set up to attend and feel this could be some of our elder members’ final. We currently have 21 players in our squad which makes us a little light on members for the eight or so games we schedule each year. New members are always welcome. The main thing that is the Wanderers is not now the rugby but the social and friendship activities that are now a vital part of our club. It is now a case that each game is booked as a social event. For the guys it starts as a game of rugby that switches over to a social get-together. For the wives and girls, it is a great picnic outing with the different days requiring different social events. This is the key to our still good fellowship and strong interaction. The club would be very much quieter if the Wanderers’ Corner was not in place.

Juniors

“After 15 rounds of competition, Perth Bayswater can boast 4 teams through to the finals playoffs starting September 3 in the under 13 to 17 age groups, more than any other club. Our under 13 Black and under 14 teams both finished in second place on the competition ladder and earned themselves a double chance to play in the Grand Final on September 17. The under 15 (3rd) and under 17 (4th) teams play elimination games all the way to the final, but they are more than capable of winning the games in front of them to make it all the way. The whole club congratulates these teams on their achievements so far this year and will be cheering them on from the sidelines as they attempt to complete their season with the ultimate prize. Either way, they are winners already and should be very proud of their achievement.

Let's not forget our under 13 White and under 16 teams who have not made the finals this year, but who have without doubt strengthened as the year has gone on. These teams should be able to build on the experience gained this year and will be forces to be reckoned with next season.

The remaining 13 teams from under 7 to under 12 age groups have a further 2 weeks of play to go, with their competition finishing on September 10.

There has been some fantastic rugby played by the teams in all age groups and it has to be considered another successful year for the club in the junior ranks.”

JJ Guthrie Award 2005

Elusive-running winger and fullback Dylan Davies was the winner of the JJ Guthrie Award for Perth-Bayswater's fairest and best player at an award night held at the clubrooms on Friday, August 19.

While the WA Country team were outside warming up for their big match against a combined Perth-Bayswater side the next day, the cream of Baysie players were celebrating the award count.

Probably for the first time in the history of the JJ Guthrie Award, the whiteboard tallying system was left behind as Chris Smith took the evening's audience for a tour of the season and the seamier side of his e-mail inbox with a powerpoint computer presentation.

Each round's result was shown before Chris announced how the points had been allocated.

It was soon apparent that Davies would collect the award as he polled particularly well in the early rounds but continued to win votes throughout the season.

Although Davies was the clear winner with 48 points, 20 ahead of second-placed Eugene Maxwell, just seven points separated the next five places.

Maxwell collected 28 points ahead of Cale McCort on 27, captain Ashley Murphy on 26, Nathan McCort on 25 and Mike Murphy who missed most of the season through injury but polled well in the

late rounds to pick up 21 votes.

Davies started the season playing on the wing before moving to fullback in the later games.

He was devastating in attack, regularly crossing the advantage line and despite being one of the smaller players on the field, was fearless in defence, regularly shaping up to opposition forwards.

The audience was also treated to the grand arrival of clubhouse manager Sam McCort who showed great affection for club president Jack Seymour after a long extended lunch.

Club stalwart Jason Legs Bastaja also treated the crowd to a taste of poetry, reading two pieces that he had scribbled down while away on military manoeuvres in the Northern Territory. (See The Sin Bin, page 15.)

SWAN BREWERY

Committee

Maori vs Rest of the World game.

Perth-Bayswater's Maori players will take on all comers in this annual end-of-season clash on September 10. The game coincides with the junior club's end-of-season wind up and there should be entertainment for all.

Presentation Dinner

The End of Year prize giving awards night will be on Saturday 1 October at Gloucester Park. Tickets are \$80 each and include DJ, food and drinks for 5 hours from 6:30 to 11:30. Dress is suit and tie. See Steve Wharerau for tickets or ask at the bar.

The Sin Bin

Club members whose memories stretch back to the early 90s may be interested to hear of a recent phone call from former first grade lock/number eight Honeywell “Midnight” Nguruve. Honeywell, a member of the 1991 Zimbabwe world cup team, has been keeping tabs on the club via the web site while living in Sydney with his Australian wife and son. Honeywell also reported on two other players of that era, Everisto “Uzzy” Usayiwevu, who returned to Zimbabwe, and English flanker Steve Southworth, who was in Sydney on holiday a few years back.

A man escapes from prison where he has been for 15 years. He breaks into a house to look for money and guns and finds a man and his wife in bed. He orders the man out of the bed and ties him to a chair. While tying the wife to the bed he gets on top of her, kisses her neck, then gets up and goes into the bathroom. While he’s in there the man tells his wife “Listen, this guy’s an escaped convict! Look at his clothes! He probably spent lots of time in jail and hasn’t seen a woman in years. I saw how he kissed your neck. If he wants

The Sin Bin

sex don't resist, don't complain , do whatever he tells you. Satisfy him no matter how much he nauseates you. This guy is probably very dangerous. If he gets angry, he'll kill us. Be strong, honey I love you!!!" To which the wife responds, "He wasn't kissing my neck, he was whispering in my ear. He told me he was gay, thought you were cute and asked if we had any Vaseline. I told him it was in the bathroom. Be strong honey I love you too!!!

The Mighty Numbats

A poem by Jason Legs Bastaja

Listen closely friends
There's a story I want to tell ya
Of a hardy little beast
That lives in Western Australia.

See, millions of years ago,
roaming every part of the land,
was every imaginable carnivore,
that was ever known to man.

Lions, bears, wolves, jackals,
and some say the sabre toothed tiger.
Ferocious and stalking and killing,
eating everything they'd desire.

Mighty as these carnivores were,
ghosts now they be.
The last remaining survivors
fled across the sea.

Because there was one
more hardy, more tough, more cunning.
He devoured, mauled and rucked
and he sent them all off running.

So now this land is free
of predators like the big cat.
And who do we have to thank for that?
The mighty, might numbat.

If you ever find yourself
in the company of this beast,
I've heard there is a calming potion
made from sugar'd water, hops and yeast.

Copious quantities of this potion,
I'm quite certain it will prevail ya,
consumed at regular intervals
with the mighty, mighty numbats from Western
Australia.

Another poem by Jason Legs Bastaja

Roses are red,
Violets are blue.
Baysie beat Uni,
so they can get fucked.
